

MACRA: Medicare's Shift to Value-based Delivery & Payment Models

Bob Hale, AAFP

1:00 PM – 2:00 PM

This session will help define and compare MACRA and the Quality Payment Program as established under the law - Merit Increase Payment System (MIPS) and Alternative Payment Models (APM). Attendees will be able to evaluate the bonuses and penalties associated with MIPS, as well as be able to explain the criteria for eligibility and qualification for APMs.

Improving Care for Post-Treatment Cancer Survivors in the Primary Care Setting

Allison Harvey, MPH, CHES, Institute for Patient-Centered Initiatives & Health Equity at the GW Cancer Center

2:00 PM – 3:00 PM

This session will help summarize the needs of post-treatment cancer survivors and identify tools, guidelines and resources that practices can utilize to guide post-treatment survivorship care.

Practice Management Track

Friday, August 4, 2017

The Roosevelt Hotel

New Orleans, LA

Alternative Payment Models: Where Are We Now?

Nadine Robin, Aledade
8:00 AM – 9:00 AM

Attendees will understand the current state of value-based payment models and their effects on practices. Attend this session and familiarize yourself on the new policies and steps a practice needs to complete to succeed in the new models.

Direct Primary Care: A Practice Option

Karl Hanson, MD
9:00 AM – 10:00 AM

This session will explain the necessary steps a practice must undergo to transition to a Direct Primary Care (DPC) practice. Attendees will be able to contrast and compare DPC vs conventional insurance-based practices. Attendees will also learn how to educate patients about DPC and the benefits of this model.

Destination Quality: Are We There Yet?

Lisa Sherman, RN, Quality Specialist, Quality Insights, Quality Innovation Network
10:45 AM – 11:45 AM

This session will help attendees appreciate that Quality Improvement is not just Quality Reporting. Learn how to use data and benchmarks to improve quality and outcomes. Attendees will understand that ‘performance’ rates matter, so measure what matters so that your bottom line is not affected under the new 2017 quality reporting for Medicare.

Antibiotic Stewardship

Mark Alanin Déry DO, MPH, FACOI,
Tulane University School of Medicine
11:45 AM – 12:45 PM

Attendees will learn about the Antibiotic Stewardship Program offered by Quality Insights: Quality Improvement Organizations. It is a program by which providers are able to monitor, reduce and prevent misuse and/or overuse of antibiotics within a healthcare system using a multidisciplinary team and strategic approach. This coordinated approach leads to comprehensive, patient-centered programs supported by a Learning and Action Network designed to empower providers and consumers to create synergy and impact outcomes.
