# Invitation

Welcome,

The Louisiana AAP Education Committee would like to invite you to join us this August at our annual conference, the Crescent City Potpourri in New Orleans.

The Potpourri brings together passionate pediatricians in all stages of professional life from across Louisiana. Together we expand our medical knowledge and build connections that will benefit the children and families of our beautiful state.

In addition to education, this conference features two sponsored social events, the Resident Poster Session and Social on Friday, and the Under the Sea Social on Saturday. We also celebrate our leaders in our community at the Business Meeting and Awards Luncheon on Saturday followed by the Master Pediatrician presentations later that afternoon.

This year, we will invite participants to join us one day early for the Cost of Poverty Experience sponsored by Louisiana Healthcare Connections. This immersive afternoon activity will illustrate the impact of social determinants of health on the healthcare landscape in Louisiana, helping participants understand the challenges faced by patients and families experiencing poverty.

Meet us in the Crescent City for CME Under the Sea,

*Ann Kay Logarbo, MD*
